

## A T JUNIPER (LIVERPOOL) Ltd

### Juniper Static 2 x 25 Gallon Compressor Washing Rig (JMP/CFM56/D/4777/C700)

This rig is all as per our rig JMP/CFM56/D/4777/C200  
apart from the following modifications.

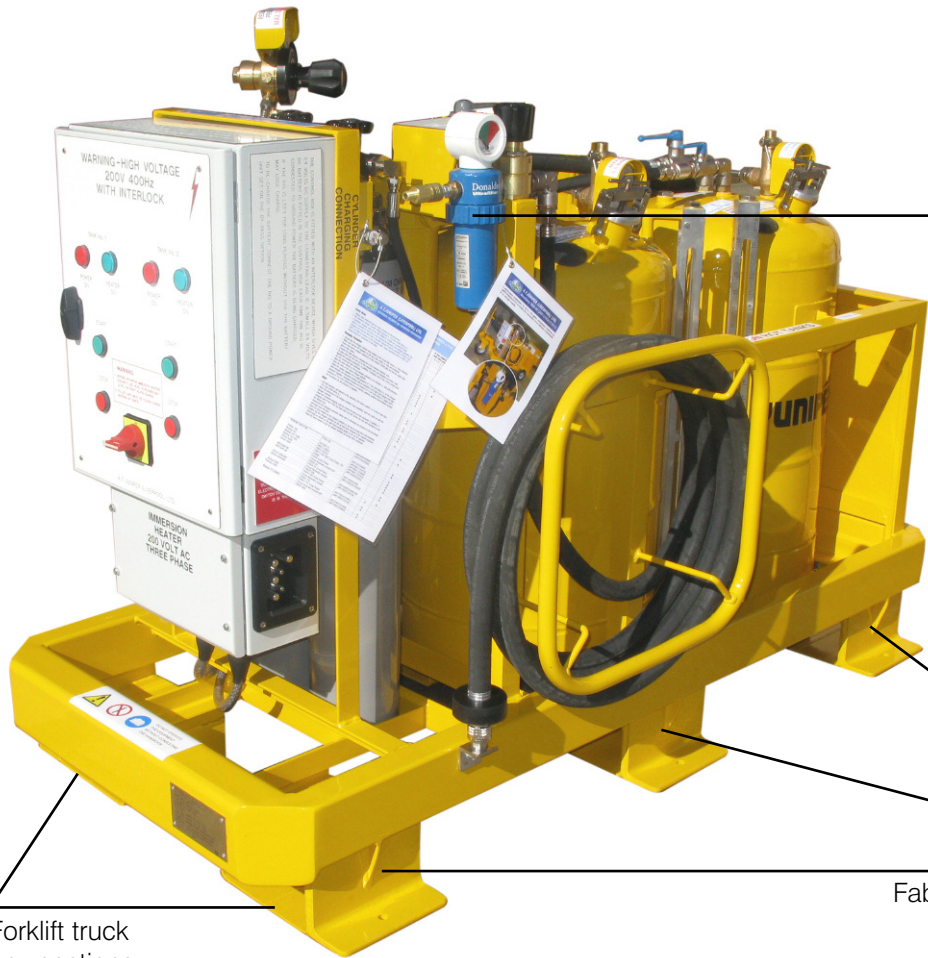

#### Items removed:

- Wheels, axles and steering assembly.
- Container, stowage (for engine probes).

#### Items added:

- Fabricated base assembly complete with forklift truck box sections either end.
- Air Inlet Kit (JMP/CFM56/D/6612).
- Operating instruction panel fitted to one end of the rig.

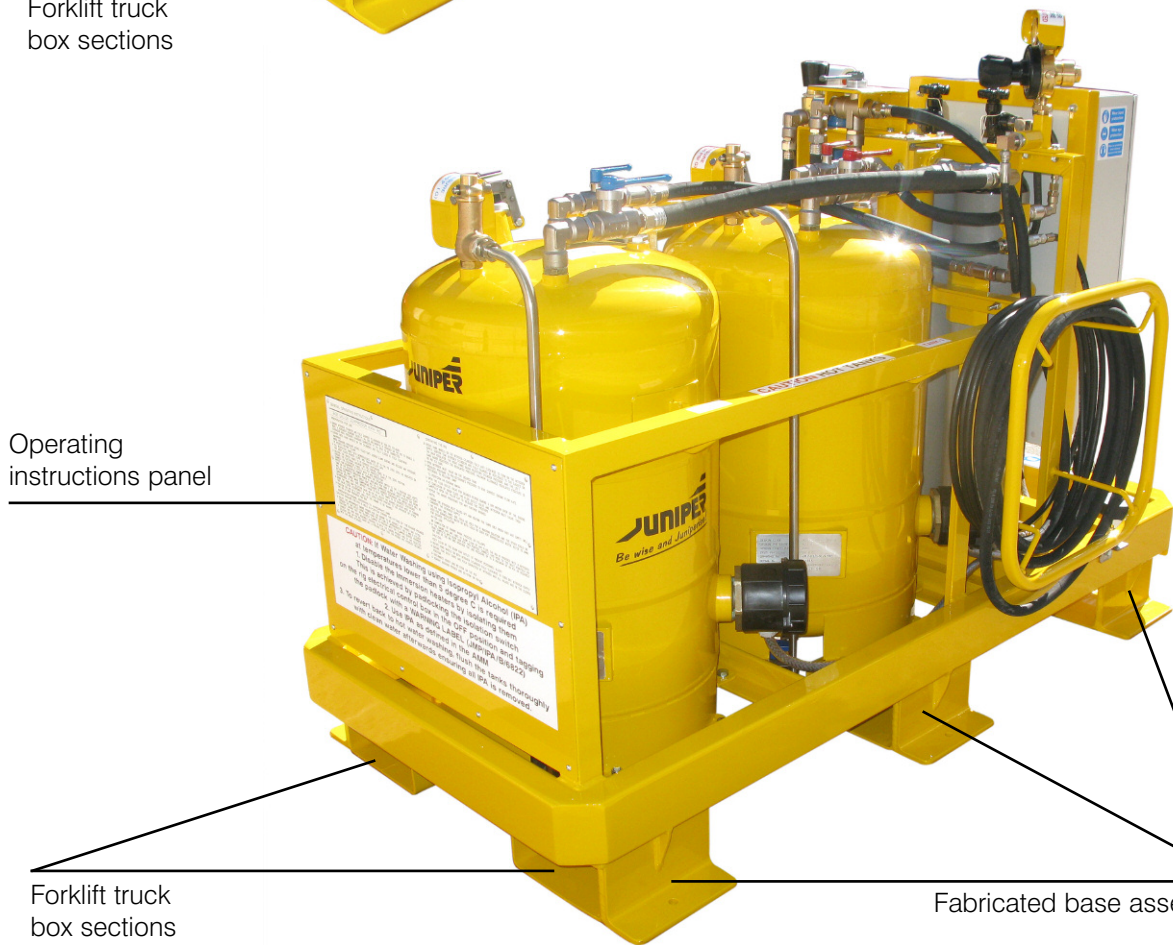

NOTE: The complete frame assembly incorporating the new fabricated base and operating instruction panel now has the part number: JMP/CFM56/D/6912
